

OLP Neighbor Notes

May/June 2009 Online Newsletter

Dear Neighbor,

In keeping with the "Going Green" effort made by our school we have looked at a variety of ways we can conserve our resources - plastic bottles, aluminum cans, cardboard, paper and water. It makes sense to utilize our website to communicate and conserve on the environment by eliminating additional printing and paper.

We are posting activities, community opportunities and information on our website on a monthly basis. Please feel free to continue using the Community Hotline 725-9191 and/or email us development@aolp.org to contact us.
